

A NEW HEAVY DUTY UAS GENERATION – MADE IN SWITZERLAND!

Xer Technologies AG (Switzerland) is dedicated to developing, producing and marketing heavy-duty and customisable unmanned aerial system (UAS) solutions that enable our customers to generate actionable data insights and create a safer, more efficient and sustainable world. We also have offices in Singapore and Helsingborg, Sweden, where the company has resided over the past decade. Xer delivers the most heavy-duty hybrid-electric multirotor UAS on the market. The Xer X8 UAS is ready to fly in minutes, stay airborne for up to 2.5 hours, carry heavy payloads of up to 7kg and handle adverse weather conditions.

To strengthen our Team located in the greater Zürich area, we are looking for an experienced specialist for the position of:

ACCOUNTANT

For support in accounting, purchasing and office management we are looking for an Accountant, 50-60%. Place of work: Dietikon, Zurich

Your area of responsibility

- You are responsible for accounts payable and accounts receivable
- You prepare the periodic payment runs and support the financial reporting
